---

Parents and Students:

Because of the temperature and wind chill I am going to shorten the rehearsal to 2:00 to 3:00 only today. If this creates transportation challenges for students we will still be here at 1:00 p.m. if students need to come early and practice on their own in the band room. We have a long list of things I want to still work on or change in the show, but I would rather make sure that we try to keep everyone healthy for tomorrow's competition. It should be warmer tomorrow for the competition at SMN.

A reminder that students report at 12:30 p.m. tomorrow for the contest. One quick request for parents attending the contest. Every year I like to put one picture up on the wall of the band room from each show. Anyone that is taking pictures at the last two contests if you could try to take some pictures of the entire group from up high in the stadium that would be very helpful. I usually end up using a picture from a "hold" (where the band is not moving) like the last set of the opener or the big hit in the ballad. I am pretty picky about how we look in it so if we have several parents taking pictures hopefully we end up with a good one I can use. I have used pictures off of phones in the past so it doesn't need to be a fancy camera.

Thanks,  
Mr. Smikahl
