

Parents and Students:

Please find the attached document detailing plans for St. Louis. Please email me with questions.

We will have a nurse on the trip. We do not need new medical forms submitted for the trip as the form you filled out at the beginning of the year should have the information we need. However, I do need an email regarding any medication that needs to be administered on the trip that is a controlled substance. If your child has a prescription for an antibiotic they can self administer. The only medication we have to manage is if it is a controlled substance like ADHD medication. Please email me with that information by Thursday morning.

On a different note, we have a family that is going through a very challenging time and could use our support. Please visit this page for more information.

A CaringBridge Site was created for Rebecca. It's a caring social network to help people stay connected with family and friends during a health event. Visit Rebecca's site often to stay updated and share messages of encouragement and compassion.
